COMPETITIONS

 **N**on avrei mai immaginato di arrivare alla decima edizione con questi numeri: **190** iscrizioni da **31 Paesi del Mondo** oggi , rispetto a 7 iscrizioni della prima edizione. Solo la mia caparbietà, la mia passione e un continuo lavoro giornaliero mi hanno permesso di far conoscere questa manifestazione in tutto il Mondo. Ricevere il sostegno di importanti istituzioni che riconoscono la validità di questo evento, non può che gratificare il mio impegno e tutti gli appassionati di questa meravigliosa famiglia "delle percussioni". Un ringraziamento al mio "particolare" Staff con cui riesco a risolvere le numerose problematiche organizzative di queste "giornate". Ringrazio le grandi Firme del settore che mi supportano da sempre e le "new entry" che hanno ben compreso l'importanza di questo evento. Un doveroso ringraziamento va a tutti i partecipanti che anche in un momento di particolare difficoltà economica mondiale, sono presenti perché credono in questa competizione italiana; a tutti rivolgo il mio caloroso benvenuto nella splendida cittadina di Fermo e auguro loro di vivere una bella esperienza non solo musicale. Voglio ringraziare in particolar modo tutti gli "amici" artisti che con la loro preziosa presenza valorizzano questo evento italiano. Grande è il rispetto che ho per **John Beck** artista e didatta di fama mondiale, che mi onora della sua amicizia da sempre... a lui lascio un commento su questi "meravigliosi" anni.

 I would never have imagined reaching the tenth edition with these figures: **190** entries from **31** countries in the world today, in comparison with seven entries in the first edition. Only my stubbornness, passion and continual daily work have allowed me to make this event known all over the world. Receiving the support of important institutions which recognize the validity of this event can only reward my commitment and all the lovers of this marvellous "percussion" family. A thank-you to my "particular" staff, with whom I manage to solve the numerous organizational problems of these "days". I thank the big names of the sector who have always sustained me and the "new entries" who have understood the importance of this event very well. I must thank all the participants who, even in a period of particular, worldwide economic difficulty, are present because they believe in this Italian competition; I direct my warm welcome to everyone in the splendid town of Fermo and hope they will live a lovely experience, not only musical. I want to thank particularly all the artist "friends" who, with their precious presence, enhance this Italian event. Great is the respect I have for **John Beck**, an artist and teacher of worldwide fame, who has always honoured me with his friendship I'll leave him to comment on these "marvellous" years.

Antonio Santangelo

Presidente della Italy PAS / Direttore Artistico
President Italy PAS / Artistic Director

 **G**iornate della Percussione - Festival e Concorso Internazionale, ha aggiunto una pietra miliare nella sua carriera. Il 2012 segna il decimo anniversario di questo prestigioso festival che era iniziato come un sogno per **Antonio Santangelo** appunto dieci anni fa. Nel corso degli anni è cresciuto fino a diventare un evento di percussioni importante nel Mondo. All'inizio si trattava di una piccola gara che si teneva presso il Conservatorio di Musica "G.B. Pergolesi" di Fermo. Ora si svolge presso la location Villa Nazareth sempre a Fermo. Questa nuova sede dell'evento accoglie e ospita studenti e Artisti creando un continuo contatto umano, artistico e culturale. Ho partecipato alle Giornate della Percussione per oltre la metà dei dieci anni e ho visto una strepitosa crescita di partecipanti dal grande talento, giurie eccellenti e il beneficio educativo per ogni studente. Niente di tutto questo sarebbe successo se non fosse stato per il grande lavoro, la dedizione e le superbe capacità amministrative di Antonio Santangelo, Presidente della Italy PAS e Direttore Artistico della Manifestazione, con il supporto di **Maria Vittorio, Francesca e Claudio Santangelo** Staff insostituibile della Italy PAS.

Per le eccellenze del Concorso e dell'organizzazione, il Presidente della Repubblica Italiana **Giorgio Napolitano** ha premiato le Giornate della Percussione con una medaglia nel 2010. La Percussive Arts Society americana, riconosce l'importanza di questo evento, il grande numero di partecipanti che ogni anno arrivano a Fermo e l'importanza di questa decima edizione, che ha raggiunto il record di 190 iscrizioni della comunità percussiva mondiale. Complimenti a te Antonio Santangelo il tuo sogno si è avverato.

 **D**ays of Percussion the International Percussion Festival and Competition is reaching a milestone in its career. 2012 marks the tenth anniversary of this prestigious festival that started out as a dream for **Antonio Santangelo** ten years ago. Over the years it has grown into a major percussion event in the world.

In the beginning it was a small competition held at the Conservatorio di Musica "G. B. Pergolesi" Fermo, Italy. It is now held at the Centro Villa Nazareth in Fermo. This venue allows the competition to run smoothly and accommodate the increased number of students in attendance I was not part of the competition in the beginning; however, I have been participating in Days of Percussion for more than half the ten years and have seen the tremendous growth of development, the superb talent that is attracted to the competition, the excellent adjudicators that are there to judge the competition and the educational benefit derived for each student.

None of this would have happened if it were not for the dedication, hard work and superb administrative skills of Antonio Santangelo, PAS Italy Chapter President and Artistic Director, **Maria Vittorio**, Artistic Secretary of the Organization, **Francesca and Claudio Santangelo**, Artistic Organization and Public Relations with Foreign Countries. Their commitment to excellence provides a smooth competition.

Italian President **Giorgio Napolitano** awarded Giornate della Percussione a medal in 2010 for its importance. Italy sees the importance of this competition. The Percussive Arts Society sees the importance, the large numbers of students attending each year see the importance and now in its milestone year with a record 185 registrations the world percussion community sees the importance.

Congratulations to you Antonio Santangelo your dream has come true.
